ALBERS MILL – Owner Statement – February 2024

Dear Marc:

The February 2024 financial statements are enclosed for Albers Mill.

The following summarizes the month's activity:

OPERATING INCOME

Total Operating Income for the month of \$165,249.95, reflected on the *Income Statement*, represents all scheduled charges for base rent and operating expense escalations as well as Other Income, which is comprised of actual Vending Machine Income, Parking charges, Storage charges and any payments or refunds to Tenant Deposits. Details on the scheduled charges are reflected on the *Receivable Summary by Account* report.

EXPENSES

Out of the ordinary or large expenses incurred this month include:

• HVAC – Final payment on the new controls project in addition to repairs and troubleshooting on boiler.

FACILITIES MAINTENANCE AND REPAIR/PROJECTS/TENANT ACTIVITY

- The intermittent boiler shut down issues appear to have been resolved.
- Internet service is in place that allows remote access for the controls system for the building, more importantly, as it pertains to troubleshooting on HVAC. This has helped cut down with on site visits for manual troubleshooting.
